

Minutes of Brice Prairie Safety Committee  
Wednesday, August 28, 2018  
Brice Prairie First Responders Building, W7866 Cty. Rd. ZN, Onalaska, WI

Present: Brian Tippetts, Jim Nissen, Vicki Burke, Fritz Funk, Paula Przywojski

Absent: Dave De Boer, Jolene Huiss, Jerri Monti, Scott Cooper

6:10 p.m. to 7:15 p.m. Toured key bike/ped connectors on Brice Prairie as indicated on map attached to agenda

Returned to First Responders Building where meeting was called to order at 7:15 p.m,p.m. by Chair Tippetts.

A correction to number 4 on agenda was made to read minutes of August 15, 2018. Motion was made by Przywojski, seconded by Nissen, to approve the minutes with a correction for paragraph 6 to substitute "vehicular incidents" for "bike/car accidents." Minutes approved unanimously as corrected.

Discussion was held on next steps for the committee concerning the connectors for bike/ped path. Although all the connectors may not be possible immediately, any would help with safety. The committee began discussion on a report containing recommendations to the Town of Onalaska Town Board. The report will contain a description of the land routes for the connectors and the potential landowners who would have to be contacted for their willingness to assist in the connecting plans. It will describe what contacts need to be made to make each connector a possibility. No official contact has been made with any landowners as that would need input from the Onalaska Town Board.

The report would also include work completed on speed limits. The committee is waiting for the report from the La Crosse Highway Commissioner on speed limits. The Safety Committee report will also include any discussion of the connector at Oak Grove and off Brice Prairie connectors.

Absent committee who wish to tour the sites should contact Chair Tippetts.

Next meeting October 3, 2018.

Motion by Funk, second by Nissen to adjourn. Motion passed unanimously.

Secretary Vicki Burke
