A motion was made by Nissen to approve the minutes of the November 28, 2018 meeting, seconded by Cooper. Motion passed unanimously.

Huiss and Burke reported on the action of the La Crosse County Public Works and Infrastructure Committee. The County committee approved the change of speed limits recommended in the study requested by La Crosse County. A motion to amend the ordinance to institute the change recommended by the Brice Prairie Bike/Pedestrian Safety committee which was a 45 mile speed limit from the intersection of CTH Z and CTH ZB to the turnaround at the end of CTH Z failed on a 2 to 5 vote of the committee. Huiss continues to contact County Supervisors who will have a first reading on December 20, 2018. Burke will attempt a change at the full La Crosse County Board.

Committee members continue to make contact with landowners who might have interest in the conceptual path connections. Reactions have been positive.

The next step is to prepare a report to the board about the work of the committee. Securing the support of the Town of Onalaska Town Board is the next step. Brian will put together a possible outline for the report.

A motion was made by Cooper to adjourn, seconded by Huiss. Motion carried unanimously. Meeting adjourned at 6:50 p.m.
