Monti moved to approve the minutes as presented, seconded by Burke. Minutes approved unanimously.

Discussion was held on the completion of the report of the committee's work to the Town of Onalaska Town Board. Robin Schmidt has agreed to assemble the report. Cooper had constructed a chart on the landowners for the five connector sections and some project costs and maintenance. It was decided to use it in the report. The one section that needs to be sent to Schmidt is the section on committee members. Huiss was absent but will complete that section. Members are to send their sections of the report to Schmidt who will try to have a draft by May 17 which will be sent to the members. Committee members are to read the report and be prepared to comment on it at the May 29 meeting.

Discussion was held on recommendations to include in the report. The internal and external connectors, an opportunity for public engagement about the report, and the formation of a committee to see the project completed were some recommendations made.

The Safety Committee will meet on May 29 at 6 p.m. at the First Responders Building.

Schmidt made a motion to adjourn, seconded by Nissen. The meeting was adjourned at 6:50 p.m.
